

Circle Connect - January 2026 (Issue #025)

### Insight | Future-Proofing Identity: An Interview with AB Circle CEO Gilbert Leung

In a recent interview with [Digital IT News](#), AB Circle CEO Gilbert Leung detailed the company's evolution from a hardware provider to a leader in secure digital identity ecosystems. Key highlights include AB Circle's strategic integration of AI and NFC technologies to support global shifts toward mobile-based digital wallets and eIDAS 2.0 standards. Gilbert emphasized a customer-centric approach and the company's rigorous engineering standards, which have secured its success in demanding markets like Japan. Moving forward, AB Circle aims to enhance global security through smarter authentication and inclusive identity management solutions.
